Aspire-igen is a social enterprise company committed to helping individuals, organisations and communities succeed through learning and work. We are a major provider of advice and support services to young people and adults across the Leeds City Region, Yorkshire and the North of England.

Working with Shine

Building on the success of our Shine Careers IAG Service we continue to welcome applications from experienced and qualified careers guidance practitioners.

Our main focus is delivering careers information, advice and guidance services to young people in schools and colleges, supporting teachers with their careers learning provision as required. The majority of our work is North and West Yorkshire, alongside a number of other localities in the North. We have some opportunities coming up early 2017, and we are also looking ahead to the new academic year.

Shine Careers Guidance Professionals demonstrate a highly professional approach, can work on their own initiative and organise workloads effectively and efficiently. They are excellent communicators and adept at building strong working relationships in their respective settings.

You will be qualified to level 6 in Careers Advice and Guidance, with expertise in the delivery of careers advice and guidance services to young people in education, pre and post 16. If you are qualified to level 4 and prepared to work towards level 6 qualification we would be happy to hear from you.

You may have specialist skills and experience and we would be very interested to know what else you could offer.

In return for your commitment we provide management supervision, continuing professional development, information and ICT support.

We welcome interest and applications from potential Associates all year round, so if you are contemplating a change for the new academic year please do get in touch.
